E. A. BROWN.
Reno, October 16, 1875.

AT THEIR OLD TRICKS.

The JOURNAL has never willfully misrepresented, or done ought that would in any manner injure the Central Pacific Railroad, unless for good cause shown. We have not abused them because it was a gigantic corporation or from the fact that the men who carried through such a great undertaking had amassed immense wealth, which was taken from the Government or State. We have always given the railroad proper credit for the good deeds it has done. We have fought them only on the ground of their oppressive exactions, unjust discriminations, and refusal to contribute their fair share of the burdens of the county, State and Government. And the course of this journal will be sustained by the people. It has just come to our knowledge that the railroad company are still playing their nefarious practice of discrimination. In conversation yesterday with a merchant from Surprise Valley we were informed that freight from San Francisco destined to that valley was shipped to Redding, on the Oregon road, for \$12, or to Winnemucca on the Central road for \$18 per ton, while on the same freight if it was intended for Reno, the rate would be \$28 per ton. Winnemucca is 170 miles further east on the line than Reno, yet the railroad company carry freight to that place at \$10 per ton less. There can be no other motive than to injure this town. All the freight for this northern country of right belongs to this place, but the railroad discriminates against us, and it is diverted into other channels, much to the inconvenience of those who are compelled to pay for this freak of the corporation. Such action from a company who revel in luxuries furnished by the people is contemptible, is so low and mean that there are not words in the English language to do it justice. And we have only this to say: If the Central Pacific Railroad Company intend to continue to unjustly discriminate against this town and county; if they propose to injure us at every opportunity that is afforded them, why we want to know it. And then let there be no more concessions or compromises. If the people are not able to cope with a corporation, we want this country converted into a despotic monarchy without delay, and we will stand in for Grant for a tenth term if necessary.

OUR PUBLIC SCHOOLS.

The subject of Catholicism as related to our educational interests was discussed exhaustively by Dr. Paterson, pastor of the First Presbyterian Church, Stockton street, San Francisco, from his pulpit last Sunday morning. He sounded an alarm which was intended to awaken greater watchfulness among Protestant citizens. He presented an array of facts in support of the allegation that the Pope has deeply-laid designs upon our whole school system. In proof he read from the Papal Syllabus of 1866, showing that the agents of His Holiness were invested with an espionage over the discipline, course of study and selection of teachers in the public schools. The recent legislation in New York, placing such power in the order of Grey Nuns, and the more recent distribution of ballots in New Jersey churches shows how the spirit of this edict was being carried out. Private schools also were placed by Popish bull under Catholic surveillance. The press was trampled by the attempts to expunge the anti-Catholic sentiments from the text-books. Libraries and Institutes were patrolled by Jesuitical censors, and the rights of free speech interrupted, as seen in the Guibord case. The reverend gentleman drew a picture of the difference in education in Protestant and Catholic countries. The figures gave 1 to 6 attending school in Protestant Europe, while Spain had but 1 to 300. He closed his lecture by an appeal to American citizens to learn wisdom from Spain, Mexico and Ireland. This is the first of a course of lectures which the Doctor proposes to give on Sabbath mornings.

EASTERN NEVADA.

A person who has never visited the eastern portion of this State has but a faint idea of what a great country it promises to be. It has often been sneeringly referred to as the "Great East," and people who know nothing of its resources, have formed the impression that it is a barren, desolate waste, in keeping with their prejudices. When you come to examine the subject you are at once undeceived. In Eastern Nevada there are many prosperous and growing towns; there are beautiful valleys, well watered and producing all that arable land can be made to produce; there are many rich mines, and the mining industry in that section has received an impetus which will surely develop a hundred valuable ledges; the climate is as salubrious as anywhere on the Coast; living is cheap, and Eastern Nevada presents equally as good inducements for immigrants as any part of California. It is a section of territory that is growing, and all the notoriety it has acquired up to this date has been fairly earned. We think that next year will bring it into greater prominence than ever, and that many who now know comparatively little about it will see it in all its grandeur. Its bullion shipments will astonish many and gain for it an enviable reputation. Its agricultural and grazing lands will be sought after at almost any price. Its towns will have assumed commanding importance, and its pioneers will chuckle with delight over the prospects. We have not drawn the picture too highly; in fact we doubt very much if we have colored it sufficiently. The future does indeed look bright and it affords us much satisfaction to record the things of which we have spoken concerning the unknown portion of our State.

Backward, Pin Backward.

Backward pin backward my skirts in their flight; make me look small again, just for to-night; I am so weary, my skirts are so long sweeping the pavements as I walk along, gathering dirt from out of the street, looked at by every one that I meet; mother, dear mother I know I'm a fright; pin back my skirts, mother pin 'em back tight. Mother, dear mother, the days are so warm, and I'm tired of this dress I have on; it is so clumsy and don't fit me right, pin it back, mother, pin it back tight; now I'm ready, don't I look sweet? smiling on all I happen to meet; I'm in the fashion so that is all right; pin back my skirts, mother, pin 'em back tight. Mother, dear mother, I know it's a sin, to wear dresses that show off one's limbs, but what is a poor girl going to do, if all the world wears 'em too? it is only those who are thin that are afraid to show off a form that is well made; you may laugh, but you know that I'm right; pin back my skirts, mother, pin 'em back tight.

GREAT WAR PREDICTED IN EUROPE THIS YEAR.—The *Graphic's* Washington special says that private telegrams received at various Legations there are to the effect that a war of enormous magnitude is almost certain to break out in Europe during the present year. The arbitration between Russia and Germany is at the bottom of the trouble. England will probably find herself compelled to seize Egypt in order to protect her enormous traffic through the Suez Canal.

SENATOR JONES' LATEST ENTERPRISE.—The Directors of the Panama Railroad have adopted the report of the special Committee, recommending the purchase of ships necessary to make tri-monthly connection with the Panama Railroad between New York and San Francisco. The fleet will be composed of ten steamers, three plying between New York and Aspinwall, and seven between Panama and Central America. It is expected that the new line will be in operation by next July.

A. J. BRYANT, President of the Pacific Jockey Club, says the chances are that the big race will not come off before Thanksgiving Day. It will probably be impossible to get the track in condition by Saturday, even with continuous good weather. No attempt will be made to run until the track is in perfectly good order.

J. M. BARNETT, of Winnemucca, received a letter from Cornucopia, dated last Saturday, informing him that the Leopard Mill had shut down. Whether the stoppage was temporary or for the Winter his informant was not able to ascertain at the time of writing.

STATE NEWS.

About 10 o'clock last Saturday night the new Episcopal Church at Silver City, still in the hands of Mr. Wood, the contractor, went down before the gale with a tremendous crash and was left a complete wreck. The loss is about \$1,000 and will fall upon the contractor. It is said that the building was very flimsily constructed.

Last Saturday night a difficulty occurred in Six-mile Canyon, near the old Gould and Curry mill, between Thomas Kerrigan and T. R. Sweet, which resulted in Sweet putting a bullet through Kerrigan's right arm.

The epizootic has reached Carson and many valuable horses are laid up with it.

The Nye County Jail is without an occupant.

Notwithstanding the storminess of the weather the work of reconstructing the burned works is being pushed forward at the mines. All that can be accomplished, says the *Enterprise*, by men who are putting forth their best efforts is being done to get up and inclose the new building of the Consolidated Virginia and Ophir companies.

The Selby Smelting and Lead Company has been incorporated in San Francisco. The purposes of the incorporation are the smelting, refining, assaying and trading in the precious and useful metals and their ores, and for manufacturing the useful metals in their various forms. The Directors are James C. Flood, Wm. S. O'Brien, N. K. Masten, Prentiss Selby and Andrew J. Ralston. The capital stock is \$200,000.

Edward Barron has resigned the office of President of the California and Consolidated Virginia mines.

The Carson Guards mustered in last Monday evening with about sixty men. Sergeant Moger administered the oath of allegiance, having been deputised so to do by the State Militia. The Guards muster in under favorable circumstances, and bid fair to be the crack company of the State. So the *Tribune* says.

In view of the great losses by the late fire in Virginia City, a verbal understanding has been arrived at between the Tax Collector and the State Controller, by which it is agreed that State and county taxes for the current year in Storey county may be paid at any time before the 4th of Dec. next without penalty.

They have found a petrified Mormon in Utah, and from the number of dents in the head, evidently made with a poker and flat iron, it is judged that he had at least thirty-three wives.

A Pennsylvania printer who is the father of twenty-six children is puzzling himself to account for the hard times.

SPRING WAGONS.

KENT & WEEKS

Sole Agents for the Celebrated

DAVIS BROS. PATENT

COMBINATION SPRING PLATFORM.

For the State of Nevada.

The Best Carrying, Easiest Riding and

Most Durable Wagon in Use.

The best carrying because of perfect Springs, and bearings at proper points to give the greatest strength.

Easiest riding. A Wagon carrying 1500 lbs. rides as easy for one man as the best Phaeton.

Most durable, because the combination of the Springs is such as to give perfect elasticity to the gear, thereby entirely obviating the sharp side motion and consequent strain on the wheels and other parts of the Wagon, allowing the Wagon to pass over all irregularities of the road without winding or cracking the box, or jerking, or inconvenience to those riding. The binding of the circle, a novelty with all other Platform Wagons, is entirely obviated, allowing the Wagon to follow the road without crowding the team from side to side.

Our Wagons are manufactured from choice material, by the best mechanics, thoroughly painted, with fine finish and trim, and warranted. If you want a Family Wagon, a Peddler's Wagon, Market wagon, or a Wagon for any of the purposes for which the Platform or Domestic Wagon is generally used, see and try these Wagons and you will use no other.

OUR TOWN ROUTE.

Mr. Chas Thurston will hereafter have charge of the town route of the JOURNAL, delivering the paper to subscribers, and to him alone will they be responsible for payment from and after this date. All persons owing to the present time will please call at this office and settle their accounts. Mr. Thurston will deliver the paper promptly, and no one will have cause for complaint on this score. If you wish the JOURNAL at your place of business or residence give him your order.

BENEFIT OF LITTLE DORRITT.—On Friday evening this truly wonderful little child actress will be the recipient of a benefit tendered her by the members of Piper's Opera House Company, when she will, by the request of a number of our citizens, appear as "Eva" in "Uncle Tom's Cabin." The little girl's impersonation of this beautiful character is the finest we ever saw. The whole of this splendid company are in the cast. The performance will be given at the Reno Opera House, on Virginia street. Give the "little pet" a substantial token of our good opinion of her.

FESTIVAL.—Notwithstanding the inclemency of the weather quite a number assembled at the Reno Opera House last evening on the occasion of the festival given by the Episcopal Church. They enjoyed themselves very much indeed, and partook of the good things with liberal hands. The entertainment will be continued this evening, and in addition to the usual exercises, there will be dancing. Go.

ACCIDENTALLY SHOT.—On Sunday last Mr. E. C. Stafford, was accidentally shot in the left arm. While riding on an engine his gun slipped and the hammer struck on something of such a nature as to explode the cap, and the charge caught as before stated. This occurred at Wadsworth. The wound is a severe one, and Mr. Stafford has been brought to the county hospital for treatment.

ON SUSPICION.—Constable Barlow arrived home from San Francisco yesterday having in custody the woman Rose Hacker, accused of stealing money, jewelry and other valuables from Mrs. Stanley, and who is also held on suspicion of having fired Shaffer's house, and thus caused the burning of other fine Reno dwellings a few weeks since.

STILL AT IT.—Yesterday the wind and rain held high carnival in Reno. We notice that this storm extends all over the coast, even down to San Diego. The weather is very disagreeable, but then it is Winter and we must expect to grin and bear it with all the fortitude possible.

DEATH.—The little 4-year old son of J. J. Thompson, at Wadsworth, died on Sunday last. He was taken sick with the croup the day previous.

FIRE.—On Tuesday evening about 9 o'clock people living in Reno had their attention directed to the South for the heavens were lit up, and many thought that Steamboat was on fire. We learn that it was a large two-story frame house, a little this side of Peleg Brown's, that was destroyed, and it is rumored that a man had been burned alive. Who the property belonged to, or how the fire originated, we do not know, but will ascertain.

LOCOMOTIVE MASHED.—The passenger train of the V. & T. R. R., which left here yesterday morning met with an accident near the old Temple mill, above Steamboat, which delayed it some four hours. Some bowlders had fallen on the track, and the train ran into them. The locomotive, the "Dayton," was pretty badly mashed, and the "Reno" was sent down from Carson to take the train on.

INSURANCE.—We again suggest to the County Commissioners that they get the Court House insured. And we think it would be good policy for the State Fair managers to insure the buildings at the Fair Grounds. In both cases we can better afford to lose the insurance premium than the buildings.

JOB PRINTING.—Our friends desiring anything done in the job printing line, bill-heads, letter-heads, mining blanks, legal blanks, or anything else of the kind, will please bear in mind that all such things are done at the JOURNAL office in first-class style and at reasonable rates.

The tall peaks of the Sierras stand deeply clad in their Winter robes. The snow which now covers them will remain upon them till dissolved by the heat of next Summer's sun. Snow must have fallen on these peaks to the depth of several feet.

TO BE REMOVED.—The Schmidt & Savage building, moved a few years ago from Glendale to Wadsworth, is now being taken down and will be removed to Virginia City. This leaves Wadsworth without a public hall.

FOR SALE.—Mrs. L. H. Dyer wishes to sell the property known as Dyer's Hall; also a barn near the Harris House. Go to W. L. Knox for further information.

SEE SAW.—The stock market is in an irregular condition; one board they are up, and the next down again. It is a good market for the brokers; that's about all.

NEVADA REPRESENTED.

The San Francisco *Alta*, of Tuesday morning, has the annexed notice of Nevada and her Representatives:

Mr. William Woodburn, Congressman from Nevada, starts for Washington this morning. Nevada is represented only by two Senators and one member of Congress, and as Messrs Sharon and Jones will probably hurry back to this Coast on account of the extraordinary press of business entailed upon them by the recent financial excitements. Mr. Woodburn will have the field comparatively to himself. He is a lawyer of recognized ability in his own State, and leaves a large practice and a most promising career to take upon his shoulders the burden of office. His enthusiasm for the Silver State is unbounded—the bonanza people have sent a very ardent friend to court. We believe it is his special intention to secure to Virginia City an apportionment for the erection of some Government building. We wish him all success in this undertaking. Nevada claims the attention of the nation to a very marked degree, and its representatives assume a prominence not vouchsafed to those of many other States. The young Congressman has therefore a wide opportunity to distinguish himself.

AN Ocean Homing Bird, of great docility, intelligence and spirit, has been found in Iceland, which flies at a meteor-like speed of 150 miles an hour, and is able to find its home over sea and land, from any part of the habitable world. A pair of these birds, a few days ago, brought dispatches from Paris to a lonely spot, congenial to their nature, in a wild and rocky part of Kent within 10 miles of London, in 1 1/2 hours. Press carrier pigeons took the dispatches on to the city, the whole distance from Paris to London, by actual parcel mode of conveyance, being done within 1 1/2 hours! If the experiment at present being made in training and educating them continues successful it is hoped by next Summer to establish a daily miniature ocean mail between America and Europe, the whole distance to be traversed between sunrise in one hemisphere and sunset in the other.

"WATTY" & Co. announce that they have leased the International Restaurant. They will close it for a few days, but will re-open it on Monday next under the name of the "Saddle Rock Oyster and Chop House."

TO RENT.—Room to rent. Enquire at Richardson & Drannan's saloon. *

REMOVED.—The Misses Vance are now located on Virginia street, next door to the photograph gallery. They will receive at their dressmaking establishment and make to order in the latest styles, all kinds of plain and fancy sewing. *

NOTICE.—Mr. Nels. Greenman is no longer our authorized agent. Our patrons will govern themselves accordingly. Su Lee & Co. *

FOR SALE.—Nels. Hammond has a house for sale. Inquire of him for particulars. *

OUR TOWN ROUTE.

Mr. Chas Thurston will hereafter have charge of the town route of the JOURNAL, delivering the paper to subscribers, and to him alone will they be responsible for payment from and after this date. All persons owing to the present time will please call at this office and settle their accounts. Mr. Thurston will deliver the paper promptly, and no one will have cause for complaint on this score. If you wish the JOURNAL at your place of business or residence give him your order.

BENEFIT OF LITTLE DORRITT.—On Friday evening this truly wonderful little child actress will be the recipient of a benefit tendered her by the members of Piper's Opera House Company, when she will, by the request of a number of our citizens, appear as "Eva" in "Uncle Tom's Cabin." The little girl's impersonation of this beautiful character is the finest we ever saw. The whole of this splendid company are in the cast. The performance will be given at the Reno Opera House, on Virginia street. Give the "little pet" a substantial token of our good opinion of her.

FESTIVAL.—Notwithstanding the inclemency of the weather quite a number assembled at the Reno Opera House last evening on the occasion of the festival given by the Episcopal Church. They enjoyed themselves very much indeed, and partook of the good things with liberal hands. The entertainment will be continued this evening, and in addition to the usual exercises, there will be dancing. Go.

ACCIDENTALLY SHOT.—On Sunday last Mr. E. C. Stafford, was accidentally shot in the left arm. While riding on an engine his gun slipped and the hammer struck on something of such a nature as to explode the cap, and the charge caught as before stated. This occurred at Wadsworth. The wound is a severe one, and Mr. Stafford has been brought to the county hospital for treatment.

ON SUSPICION.—Constable Barlow arrived home from San Francisco yesterday having in custody the woman Rose Hacker, accused of stealing money, jewelry and other valuables from Mrs. Stanley, and who is also held on suspicion of having fired Shaffer's house, and thus caused the burning of other fine Reno dwellings a few weeks since.

STILL AT IT.—Yesterday the wind and rain held high carnival in Reno. We notice that this storm extends all over the coast, even down to San Diego. The weather is very disagreeable, but then it is Winter and we must expect to grin and bear it with all the fortitude possible.

DEATH.—The little 4-year old son of J. J. Thompson, at Wadsworth, died on Sunday last. He was taken sick with the croup the day previous.

FIRE.—On Tuesday evening about 9 o'clock people living in Reno had their attention directed to the South for the heavens were lit up, and many thought that Steamboat was on fire. We learn that it was a large two-story frame house, a little this side of Peleg Brown's, that was destroyed, and it is rumored that a man had been burned alive. Who the property belonged to, or how the fire originated, we do not know, but will ascertain.

LOCOMOTIVE MASHED.—The passenger train of the V. & T. R. R., which left here yesterday morning met with an accident near the old Temple mill, above Steamboat, which delayed it some four hours. Some bowlders had fallen on the track, and the train ran into them. The locomotive, the "Dayton," was pretty badly mashed, and the "Reno" was sent down from Carson to take the train on.

INSURANCE.—We again suggest to the County Commissioners that they get the Court House insured. And we think it would be good policy for the State Fair managers to insure the buildings at the Fair Grounds. In both cases we can better afford to lose the insurance premium than the buildings.

JOB PRINTING.—Our friends desiring anything done in the job printing line, bill-heads, letter-heads, mining blanks, legal blanks, or anything else of the kind, will please bear in mind that all such things are done at the JOURNAL office in first-class style and at reasonable rates.

The tall peaks of the Sierras stand deeply clad in their Winter robes. The snow which now covers them will remain upon them till dissolved by the heat of next Summer's sun. Snow must have fallen on these peaks to the depth of several feet.

TO BE REMOVED.—The Schmidt & Savage building, moved a few years ago from Glendale to Wadsworth, is now being taken down and will be removed to Virginia City. This leaves Wadsworth without a public hall.

FOR SALE.—Mrs. L. H. Dyer wishes to sell the property known as Dyer's Hall; also a barn near the Harris House. Go to W. L. Knox for further information.

SEE SAW.—The stock market is in an irregular condition; one board they are up, and the next down again. It is a good market for the brokers; that's about all.

NEVADA REPRESENTED.

The San Francisco *Alta*, of Tuesday morning, has the annexed notice of Nevada and her Representatives:

Mr. William Woodburn, Congressman from Nevada, starts for Washington this morning. Nevada is represented only by two Senators and one member of Congress, and as Messrs Sharon and Jones will probably hurry back to this Coast on account of the extraordinary press of business entailed upon them by the recent financial excitements. Mr. Woodburn will have the field comparatively to himself. He is a lawyer of recognized ability in his own State, and leaves a large practice and a most promising career to take upon his shoulders the burden of office. His enthusiasm for the Silver State is unbounded—the bonanza people have sent a very ardent friend to court. We believe it is his special intention to secure to Virginia City an apportionment for the erection of some Government building. We wish him all success in this undertaking. Nevada claims the attention of the nation to a very marked degree, and its representatives assume a prominence not vouchsafed to those of many other States. The young Congressman has therefore a wide opportunity to distinguish himself.

AN Ocean Homing Bird, of great docility, intelligence and spirit, has been found in Iceland, which flies at a meteor-like speed of 150 miles an hour, and is able to find its home over sea and land, from any part of the habitable world. A pair of these birds, a few days ago, brought dispatches from Paris to a lonely spot, congenial to their nature, in a wild and rocky part of Kent within 10 miles of London, in 1 1/2 hours. Press carrier pigeons took the dispatches on to the city, the whole distance from Paris to London, by actual parcel mode of conveyance, being done within 1 1/2 hours! If the experiment at present being made in training and educating them continues successful it is hoped by next Summer to establish a daily miniature ocean mail between America and Europe, the whole distance to be traversed between sunrise in one hemisphere and sunset in the other.

"WATTS" & Co. announce that they have leased the International Restaurant. They will close it for a few days, but will re-open it on Monday next under the name of the "Saddle Rock Oyster and Chop House."

TO RENT.—Room to rent. Enquire at Richardson & Drannan's saloon. *

REMOVED.—The Misses Vance are now located on Virginia street, next door to the photograph gallery. They will receive at their dressmaking establishment and make to order in the latest styles, all kinds of plain and fancy sewing. *

NOTICE.—Mr. Nels. Greenman is no longer our authorized agent. Our patrons will govern themselves accordingly. Su Lee & Co. *

FOR SALE.—Nels. Hammond has a house for sale. Inquire of him for particulars. *
